## Bissinger new majority shareholder of Steiner-Pinzetten GmbH

Dear valued business partners,

For more than 50 years, we have been producing forceps for medical and dental needs in Engen. A great many of you have been among our loyal customers for plenty of years, some of you even for decades. We want to continue our excellent and successful cooperation as a reliable supplier.

In the company Günter Bissinger Medizintechnik GmbH we found the one partner that is suitable for us because of the extension of the product program, customer relations and our business model. On this basis, Steiner-Pinzetten GmbH can guarantee a continuously stable development.

Bissinger Medizintechnik is a long-established company that ranks among the leading producers of bipolar and monopolar forceps. The manufacture at the headquarters in Tenningen produces and supplies various forceps for microsurgical use, forceps, scissors and staples for use in high-frequency surgery as well as neurosurgical instruments to customers worldwide.

The company Bissinger Medizintechnik GmbH will be majority shareholder of Steiner-Pinzetten GmbH effective 01.01.2013. Mr. Matthias Bissinger and Mr. Gerhard Steiner will be Managing Directors.

We thank you for the confidence you have placed in our company during recent years and we look forward to continuing and consolidating our good cooperation in the future.

Best regards  
Steiner-Pinzetten GmbH

Matthias Bissinger
